APIS | DINING TABLE I

The Egyptians said that they were the tears of the God RA and in many other civilizations they were adored and considered as Gods. The liquor that they produce was, in many histories and cultures, connected to gold. The imposing of this table is represented by a top that retraces the torso of big and ancient trees and in a base inspired on the golden beehives, that together results in a piece of nature translated into a piece of furniture.

ARDARA | CONSOLE

ARDARA Modern Console Table has its origin from a time travel to the Neolithic period in Ireland. It is here, in a small town named ARDARA that one of the world's most striking dolmens is located. Its timeless simplicity gave the perfect inspiration for a modern contemporary furniture piece whose result was ARDARA Modern Console Table. When the sunlight reflects directly in the dolmen, its surface shines with a golden halo. Recreating this natural phenomenon, the modern contemporary furniture piece ARDARA has a finish in golden leaf, bringing with it a peaceful sensation to any ambience.

BRYCE | SIDE TABLE

Located in the south-western Utah in the United States, BRYCE is a giant natural amphitheatre caused by the erosion through the Paunsaugnt Plateau. BRYCE stands strong by a sofa or an armchair where you can put a book, a cup of tea or your favourite table lamp, complementing your ideal living room.

HANOI | WALL SCREEN DIVIDER

Cubic forms have long been incorporated in architecture: since ancient times, and now in cosmopolitan cities such as Hong Kong, Singapore and Dubai, buildings with this geometrical shape can be seen as well. This shape gives to the cities a modern feel that can be brought to the interiors as well. You can achieve that by including a wall screen divider like HANOI, made in matte brass and matte black lacquer. HANOI is inspired in the homonymous vietnamese city, where a cubic shape museum was built to tell the stories about its city and its people.

KOI | STOOL

KOI carp is a recurring symbol of Japanese culture, highly appreciated by its decorative purposes, not only in water gardens but also in Irezumi practice or, most commonly, in tattoos. Its natural colour mutations reveal their capacity to adapt, just like the KOI stool that you can use to create a better sense of space division in your ambiances. The KOI scales that compose the panels of the stool shine and reflect – on its brass surface – the sun caught throughout the clear water. KOI and the Japanese word for love or affection are homophones, making the carp also a symbol of love and friendship.

IGUAZU | ARMCHAIR

In the border between Argentina and Brazil there is one of the most striking views in the world – the IGUAZU falls. This view inspired us to design one more living room furniture piece, the IGUAZU Armchair. Shaped as the cliff's outline, it's in the striped pattern in the chair's back that the fierceness of the waterfall is recalled. A wingback chair's style, IGUAZU perfectly combines the strength and harmony of the waterfalls. It's in this combination, that this living room furniture piece finds its major asset, the capacity to bring harmony with strong character to any home decor.

MALKIY | 2 SEAT SOFA

The modern contemporary furniture piece MALKIY was named after a king and priest mentioned in the Book of Genesis whose name, according to ancient interpretations, means justice and king of righteousness. These concepts of fairness and integrity are imbued in a modern contemporary furniture piece – MALKIY, a classic and geometric sofa upholstered in maroon cotton velvet. The straight lines of the structure in golden leaf contrast with the softness of the maroon cotton velvet cushions and pillows. The lounge sofa's golden structure is enriched by natural motifs, carved in the wood to emphasize the idea of rectitude and honesty. MALKIY lounge sofa fits well in every classic ambience, either in residential projects or in hospitality projects. This modern contemporary furniture piece is available in other colours and fabrics and can be upholstered in COM and COL.

OTTAWA | SOFA

Known as traders, the Ottawa are a Native American tribe living originally on Manitoulin Island, near the northern shores of Lake Huron; on the Bruce Peninsula in the present day province of Ontario, Canada; and in the state of Michigan, United States. Besides farming, hunting and practicing music, story-telling, artwork and traditional medicine, the Ottawa had to go to war to protect their people. And all these stories are what OTTAWA Sofa brings to a mid century modern home decor. OTTAWA 3 seater sofa depicts a sense of contrast by combining curves, elegant shapes and carved wood details with a dark colour from the black synthetic leather and the matte black lacquered frame. The frame is bordered with nickel polished nails, distributed along the seat, arms and back in wide, regular intervals. OTTAWA 3 seater sofa is available in other colours and fabrics and can be upholstered in COM and COL. A customizable classic synthetic leather sofa ideal for a mid century modern home decor.

CUZCO | RUG

Cuzco, currently a city in southeastern Peru, was formerly the historic capital of the Inca Empire, the largest empire in pre-Columbian America. CUZCO rectangular rug was inspired in the motifs used in the Inca textiles, known by the combination of different geometric patterns, all combined into one piece, like a patchwork. CUZCO rug is made in hand tufted dyed wool and depicts a simplification of these patterns into different stripes of geometric shapes and lines, resulting in a sober but rhythmic composition in sandy tones. This ethnic rectangular rug fits well in an eclectic living room or dining room. It can be made to measure and with different colours and shapes, to better fit every space.

ETNA rectangular rug is named after this persistent volcano: a hand-tufted tencel rug that mixes different neutral tones with slight notes of light blue in irregular shapes. KOI carp is a recurring symbol of Japanese culture, highly appreciated by its decorative purposes, not only in water gardens but also in Irezumi practice or, most commonly, in tattoos. Its natural colour mutations reveal their capacity to adapt, just like the KOI rectangular rug in hand-tufted tencel in neutral earthy tones to better fit in your ambiances. The different tonalities depict the shine and reflections of the scales, from the sun caught throughout the clear water. Koi and the Japanese word for love or affection are homophones, making the carp also a symbol of love and friendship.
