NIGHT COLLECTION

Armadi | Wardrobes | Armoires

SMA definisce la nuova collezione per una zona notte contemporanea e all'insegna della libertà di abbinamenti. Proposte d'arredo che raccontano di personalità e stili differenti ma tutti caratterizzati dalla grande sensibilità per il tratto creativo e dalla preziosità dei materiali utilizzati. Design e sentimento, emozioni visive e tattili. Gli armadi SMA non sono semplici contenitori ma spazi dove ordinare e conservare ogni cosa con originalità e stile.

SMA defines the new collection for a contemporary bedroom marked by freedom of combinations. Furnishing ideas that tell of different personalities and styles but are all characterized by great sensitivity for the creativity and the preciousness of the materials used. Design and feeling, visual and tactile emotions. The SMA wardrobes are not just mere containers, but rather spaces where to order and preserve everything with originality and style.

SMA définit la nouvelle collection comme une zone nuit contemporaine marquée par la liberté des combinaisons. Des propositions d'ameublement qui racontent des personnalités et des styles différents, mais tous caractérisés par une grande sensibilité de caractère et par le précieux des matériaux utilisés. Design et sentiment, émotions visuelles et tactiles. Les armoires SMA ne sont pas de simples conteneurs, mais des espaces où ranger et conserver chaque chose avec style et originalité.

IL MONDO SMA

Qualità e originalità | Quality and originality | Qualité et originalité

C'è una strada che SMA ha imboccato da tempo. Un percorso fatto di distintività del segno, di cura dei dettagli, di raffinatezza e funzionalità. Il nostro desiderio è di dare emozione. Perché non si vive soltanto di razionalità.

SMA has taken a path a long time ago. A path made of distinctiveness of the sign, attention to detail, refinement and functionality. Our desire is to give emotions. Because we do not only live by rationality.

SMA suit depuis longtemps la même direction. Un parcours fait d'un caractère distinctif, du soin du détail, de raffinement et de fonctionnalité. Nous souhaitons plus que tout émouvoir. Parce la vie n'est pas seulement rationnelle.

SMART NEW LOOK

Il segno verticale che caratterizza il design dell'anta Smart assolve a due funzioni: quella estetica che slancia e rende "leggera" l'anta e quella funzionale con la presa ergonomica della gola che consente un'ottima prensilità in apertura.

The vertical sign that characterizes the design of the Smart door performs two functions: one aesthetic, which slanders and "lightens" the door and the other functional, with an ergonomic grip that offers excellent prehensile opening.

La touche de verticalité caractérisant le design de la porte Smart revêt deux fonctions: la fonction esthétique pour un effet élancé et allégé de la porte et la fonction pratique grâce à la poignée ergonomique moulée permettant une préhension optimum en ouverture.

STYLE FREEDOM LIVING

A volte basta un semplice segno per dare personalità e carattere alle cose. La maniglia a lama verticale dell'anta Style diventa il segno distintivo e caratterizzante di questa proposta.

Sometimes just a simple sign is enough to give personality and character to everything.

The vertical blade handle of the Style door becomes a hallmark and a characterizing feature of this proposal.

Il suffit parfois d'une simple touche pour donner de la personnalité et du caractère aux objets. La poignée à lame verticale de la porte Style devient le signe distinctif et caractéristique de cette solution.

IL MONDO SMA

Rispetto per la natura | Respect for nature | Respect de la nature

Investire nelle giuste tecnologie e porre grande attenzione nel selezionare i migliori materiali permette di ridurre gli sprechi garantendo un maggiore rispetto per l'ambiente. Questo è l'impegno di un'azienda nata e sviluppatisi in un territorio da preservare con passione ogni giorno, per offrire una produzione sempre più sostenibile e moderna. SMA utilizza vernici ad acqua e materiali di classe E1 a bassa emissione di formaldeide e tutti i prodotti rispettano gli standard delle normative europee.

L'intero ciclo produttivo esclusivamente "Made in Italy" vanta della certificazione di qualità UNI EN ISO 9001/2008 e viene realizzato all'interno della fabbrica per un maggior controllo del prodotto.

Investing in the right technology and taking great care in selecting the best materials can reduce waste by ensuring greater respect for the environment. This is the commitment of a company founded and developed in an area to be preserved with passion every day, to deliver a more sustainable and modern production. SMA uses water-based paints and class E1 materials at low formaldehyde emission and all products meet the standards of European legislation. The entire "Made in Italy" production cycle has the UNI EN ISO 9001/2008 quality certification and is made in the factory, for better control of the product.

Investir dans les bonnes technologies et s'appliquer à sélectionner les meilleurs matériaux permet de réduire les gaspillages tout en garantissant un plus grand respect de notre environnement. C'est bien là l'engagement d'une entreprise fondée et développée sur un territoire à préserver passionnément chaque jour, pour offrir une production plus écologique et plus moderne. SMA utilise des peintures à l'eau et des matériaux de classe E1 à faibles émissions de formaldéhydes et tous les produits répondent aux critères des normes européennes. L'intégralité du cycle de production est « Made in Italy » et dispose de la certification de qualité UNI EN ISO 9001/2008 et est fabriqué dans l'usine, pour un meilleur contrôle du produit.
