originale nell'essenza

## NIGHT COLLECTION

Letti e contenitori | Beds and storage units | Lits et meubles

SMA definisce la nuova collezione per una zona notte contemporanea e all'insegna della libertà di abbinamenti. Proposte d'arredo che raccontano di personalità e stili differenti ma tutti caratterizzati dalla grande sensibilità per il tratto creativo e dalla preziosità dei materiali utilizzati. Design e sentimento, emozioni visive e tattili. I letti e i contenitori SMA arredano gli spazi con originalità e stile.

*SMA has created the new collection for contemporary bedrooms, featuring a choice of combinations.*

*These furnishing ideas express different personalities and styles but are all characterized by a great sensitivity for the creative and fine materials used. Design and charm, visual and tactile emotions.*

*SMA beds and storage units furnish space with originality and style.*

SMA définit sa nouvelle collection pour une chambre à coucher contemporaine et sous le signe d'une grande liberté d'agencement. Des propositions d'ameublement qui racontent des personnalités et des styles différents, mais tous caractérisés par une grande sensibilité créative et par l'excellente qualité des matériaux utilisés. Design et sentiment, émotions visuelles et tactiles. Les lits et les meubles SMA permettent d'agencer les espaces avec originalité et style.

Un'ampia varietà di proposte, essenze di pregio, colori attuali e cura artigianale dei dettagli.

SMA interpreta la notte con una collezione di grande qualità e impatto estetico.

A wide variety of solutions, fine wood finishes, contemporary colours and superbly crafted details.

SMA creates bedrooms with a collection featuring high quality and aesthetic appeal.

Une grande variété de propositions, des essences de bois de qualité, des coloris tendance et un soin du détail réalisé avec un art artisanal. SMA interprète la chambre à coucher en offrant une collection de grande qualité et avec un fort impact esthétique.

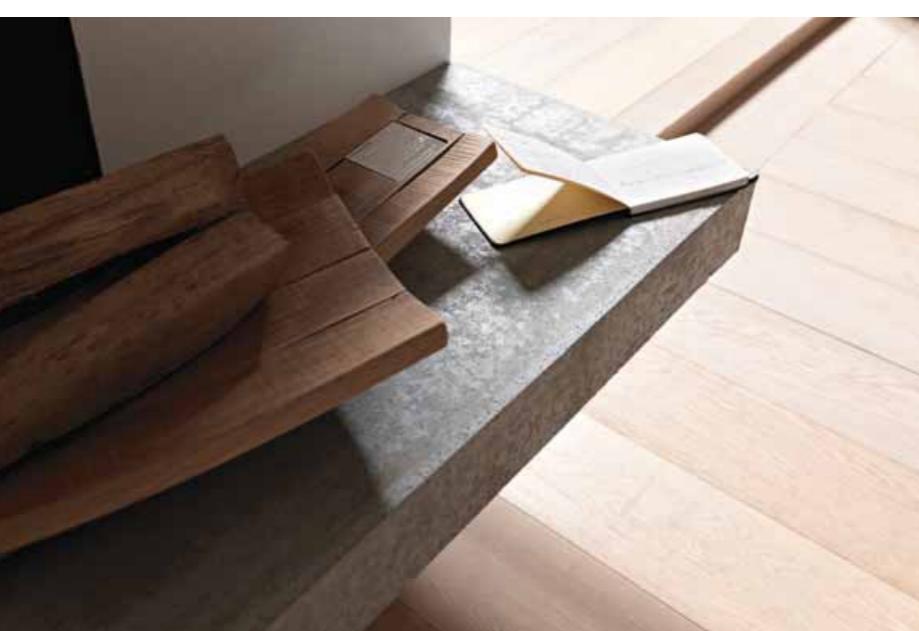

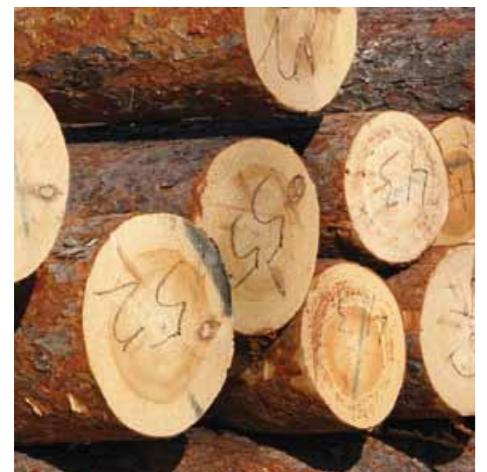

# IL MONDO SMA

Qualità e originalità | Quality and originality | Qualité et originalité

C'è una strada che SMA ha imboccato da tempo. Un percorso fatto di distintività del segno, di cura dei dettagli, di raffinatezza e funzionalità. Il nostro desiderio è di dare emozione. Perché non si vive soltanto di razionalità.

*A long time ago, SMA set out along a path characterised by distinct appeal, attention to details, refinement and functionality. Our desire is to stir emotions because we do not only live by rationality.*

*Voilà longtemps que SMA suit un même chemin. Un parcours fait de distinction, de soin du détail, de raffinement et de fonctionnalité. Notre souhait est avant tout d'émuvoir. Parce que l'on ne vit pas que de rationalité.*

## 100% real wood

La materia prima che trattiamo è ancestrale come solo il vero legno sa essere.

Uniamo la nostra esperienza e sensibilità artigianale ad una tecnologia attenta all'ambiente.

In SMA tutto è rigorosamente, anzi orgogliosamente, italiano.

*The raw material we use is ancestral, like only genuine wood can be.*

*We combine our experience and sensitive craftsmanship with eco-friendly technology.*

*At SMA everything is strictly, or rather proudly, Italian.*

La matière première que nous traitons est ancestrale comme seul le bois sait l'être.

Nous unissons notre expérience et notre sensibilité artisanale à une technologie respectueuse de l'environnement. Chez SMA, tout est rigoureusement, et même orgueilleusement, italien.

# ABBRACCIO INNOVATIVE IDEAS

Grande attenzione per il continuo evolversi della zona notte con il letto Abbraccio, che consente massima libertà di utilizzo grazie alla possibilità di reclinare la testata.

*Special focus is on the continuous evolution of the bedroom. The Abbraccio bed allows maximum freedom of use with its reclining headboard.*

La grande attention accordée à l'évolution continue de la chambre à coucher se voit dans le lit Abbraccio dont la possibilité d'incliner la tête de lit permet une grande liberté d'utilisation.

# IL MONDO SMA

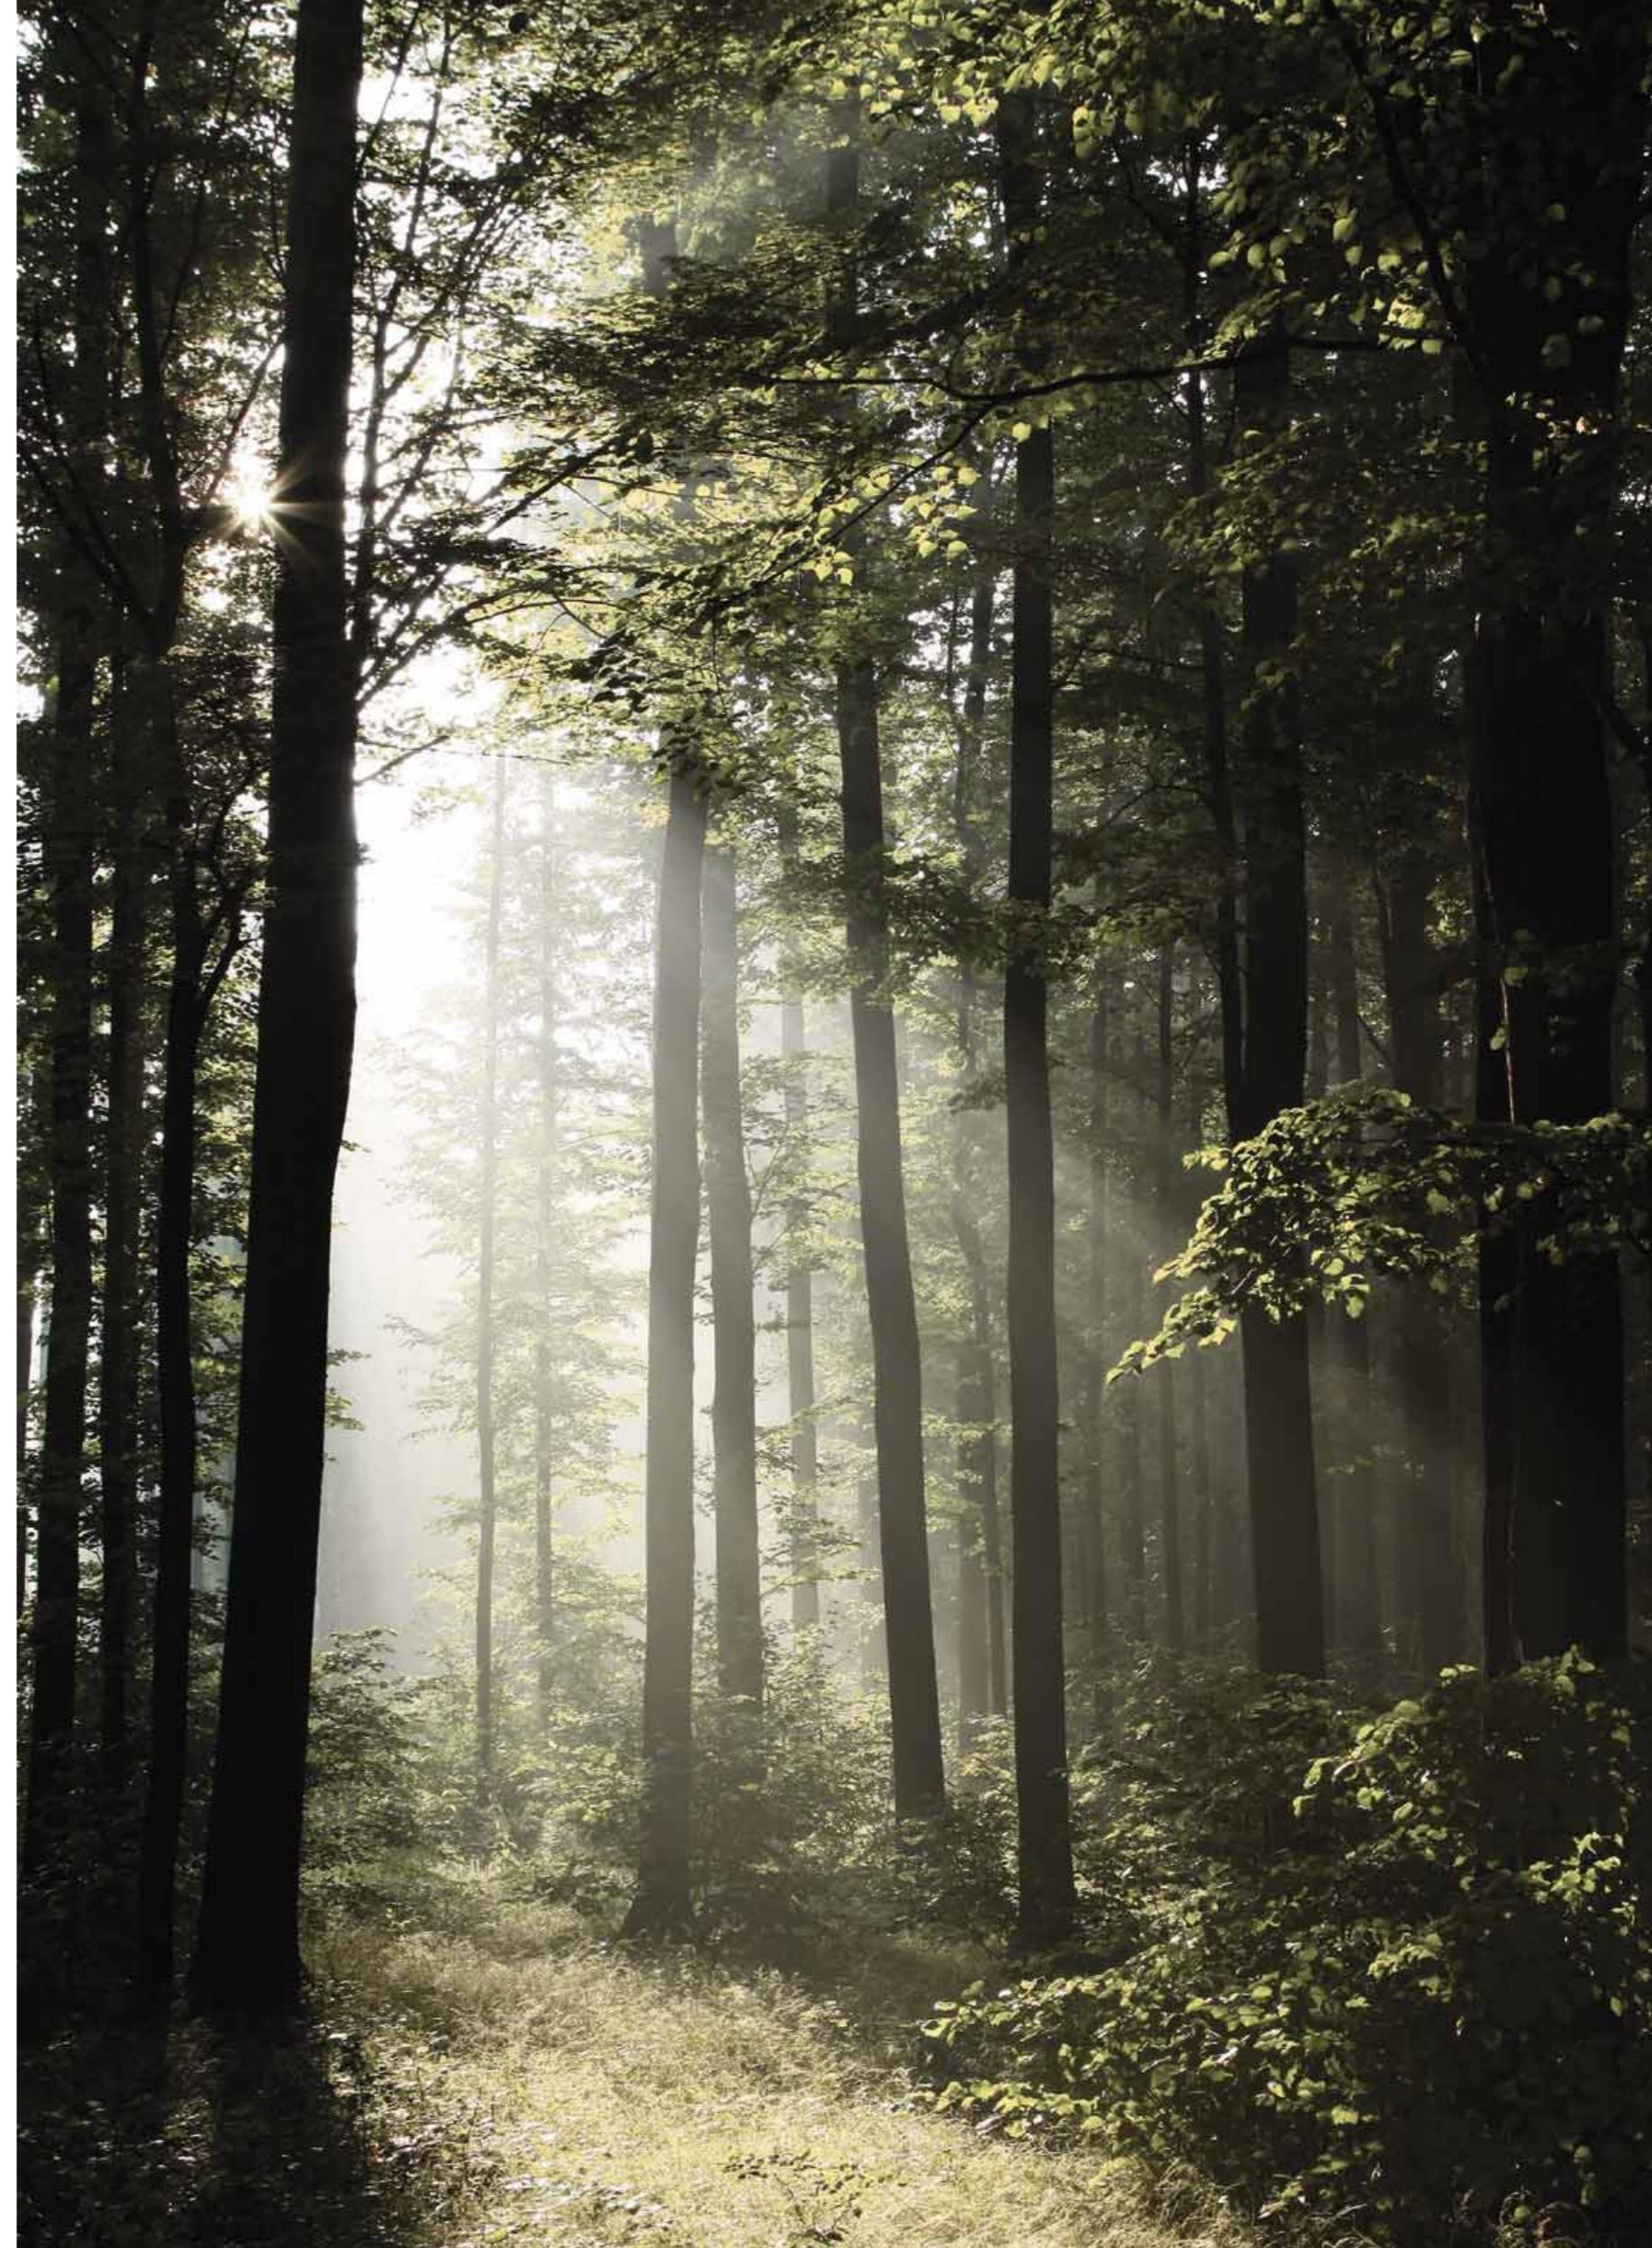

Rispetto per la natura | Respect for nature | Respect de la nature

Investire nelle giuste tecnologie e porre grande attenzione nel selezionare i migliori materiali permette di ridurre gli sprechi garantendo un maggiore rispetto per l'ambiente. Questo è l'impegno di un'azienda nata e sviluppatisi in un territorio da preservare con passione ogni giorno, per offrire una produzione sempre più sostenibile e moderna. SMA utilizza vernici ad acqua e materiali di classe E1 a bassa emissione di formaldeide e tutti i prodotti rispettano gli standard delle normative europee.

L'intero ciclo produttivo esclusivamente "Made in Italy" vanta della certificazione di qualità UNI EN ISO 9001/2008 e viene realizzato all'interno della fabbrica per un maggior controllo del prodotto.

*Investing in the right technology and taking great care in selecting the best materials can reduce waste by ensuring greater respect for the environment. This is the commitment of a company founded and developed in an area to be preserved with passion every day, to deliver a more sustainable and modern production. SMA uses water-based paints and class E1 materials at low formaldehyde emission and all products meet the standards of European legislation. The entire "Made in Italy" production cycle has the UNI EN ISO 9001/2008 quality certification and is made in the factory, for better control of the product.*

Investir dans les bonnes technologies et s'appliquer à sélection les meilleurs matériaux permet de réduire les gaspillages tout en garantissant un plus grand respect de notre environnement. C'est bien là l'engagement d'une entreprise fondée et développée sur un territoire à préserver passionnément chaque jour, pour offrir une production plus écologique et plus moderne. SMA utilise des peintures à l'eau et des matériaux de classe E1 à faibles émissions de formaldéhydes et tous les produits répondent aux critères des normes européennes. L'intégralité du cycle de production est « Made in Italy » et dispose de la certification de qualité UNI EN ISO 9001/2008 et est fabriqué dans l'usine, pour un meilleur contrôle du produit.
